SUMMARY

Diploma student in Computer Science & Engineering (AI/ML) at Galgotias University with foundational knowledge of **C**, **Java**, and **Python**, along with skills in Object-Oriented Programming and DBMS. Gained hands-on experience through academic projects, including a Digital Clock application in **C** and an Attendance Management System in **Java**, as well as a virtual AI/ML internship focused on exploratory data analysis. Seeking an internship opportunity to apply technical skills, gain hands-on industry experience, and contribute to software development and AI/ML projects.

WORK EXPERIENCES

AI/ML Intern

SEP 2026 - SEP 2026

Sumerix Global

- Completed the **Student Performance Data Explorer** project focused on Exploratory Data Analysis (EDA).
- Utilized **Python, Pandas, and NumPy** for data cleaning, exploration, and statistical analysis.
- Conducted correlation analysis to identify patterns and relationships in the dataset.
- Created visualizations using **Matplotlib and Seaborn**, including histograms, scatter plots, box plots, and heatmaps.
- Executed data preprocessing, feature engineering, and machine learning pipeline development.
- Documented and managed project work using **Git and GitHub**.

Technologies / Skills Used : Python, Pandas, NumPy, Matplotlib, Seaborn, Git, GitHub

EDUCATIONS

Galgotias University | Greater Noida, Uttar Pradesh

2024 - 2027

Diploma in Computer Science & Engineering (AI/ML)

Percentage : 7/10

Delhi Public School

2023 - 2024

Secondary Education (Class 10)

Percentage : 73%

PROJECTS

Digital Clock Project | 🌐

Jun 2025 - Jun 2025

C Programming

- Designed and developed a functional **digital clock application** using **C programming**.
- Implemented time logic, formatting, and real-time updates to display accurate hours, minutes, and seconds.
- Demonstrated structured code design, modular logic, and debugging techniques.

Technologies / Tools Used : C

Attendance Management System | 🌐

Jun 2026 - Jun 2026

Java Programming

- Developed an automated attendance management system using **Java** to record, update, and manage student attendance logs.
- Applied **Object-Oriented Programming (OOP)** principles, conditional logic, and file management/arrays.
- Designed a simple, user-friendly interface focused on accuracy and efficient record management.

Technologies / Tools Used : Java

SKILLS

Databases : MySQL

Frameworks & Libraries : Pandas, NumPy, Matplotlib, Seaborn

Programming Languages : C, Java, Python

Soft Skills : Problem Solving, Logical Thinking, Communication, Teamwork

Tools & Platforms : Git, GitHub, VS Code, Canva

AWARDS & ACHIEVEMENTS

- Successfully completed a **virtual AI/ML internship at Sumerix Global (2026)**.

CERTIFICATIONS

- Oracle Certified Foundations Associate, Agentic AI — Oracle University (2026)
- Bajaj Manufacturing Systems (BMS) Certification — Bajaj Auto Ltd. (2026)
- Artificial Intelligence & Machine Learning (AI/ML) — Sumerix Global (2026)
