PROFESSIONAL SUMMARY

Diploma student in Computer Science & Engineering (AI/ML) at Galgotias University with foundational knowledge of C, Java, Python, Object-Oriented Programming, DBMS, and problem-solving. Hands-on experience through academic projects including a Digital Clock application in C and an Attendance Management System in Java, plus a virtual AI/ML internship in exploratory data analysis. Seeking to contribute to software and technology-driven projects as a Diploma Trainee Engineer.

SKILLS

- Programming Languages: C, Java, Python (Basic)
- Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS)
- Tools & Technologies: Git, GitHub, VS Code, Canva
- Data Analysis Libraries: Pandas, NumPy, Matplotlib, Seaborn
- Soft Skills: Problem Solving, Logical Thinking, Communication, Team Collaboration

INTERNSHIP EXPERIENCE

AI/ML Intern (Virtual) — Sumerix Global

2026

- Completed an AI/ML internship project focused on Student Performance Data Exploration and Exploratory Data Analysis (EDA).
- Used Python, Pandas, and NumPy to explore, clean, and analyze the dataset.
- Performed statistical and correlation analysis to identify patterns in the data.
- Created data visualizations using Matplotlib and Seaborn, including histograms, scatter plots, box plots, and heatmaps.
- Documented the project and managed the work using Git and GitHub.

PROJECTS

Digital Clock Project — C Programming

- Designed and developed a functional digital clock application using C programming.
- Implemented time logic, formatting, and real-time updates to display accurate hours, minutes, and seconds.
- Demonstrated structured code design, modular logic, and debugging techniques.

Attendance Management System — Java Programming

- Developed an automated attendance management system using Java to record, update, and manage student attendance logs.
- Applied Object-Oriented Programming (OOP) principles, conditional logic, and file management/arrays.
- Designed a simple, user-friendly interface focused on accuracy and efficient record management.

EDUCATION

Diploma in Computer Science & Engineering (AI/ML)

2024 – 2027

Galgotias University, Greater Noida, Uttar Pradesh

Secondary Education (Class 10)

2023 – 2024

- Completed coursework in Science and Mathematics with a focus on analytical and problem-solving skills.

CERTIFICATIONS

- Oracle Certified Foundations Associate: Agentic AI — Oracle University. (2026)
- Bajaj Manufacturing Systems (BMS) Certification — Bajaj Auto Ltd. (2026)
- Artificial Intelligence & Machine Learning (AI/ML) - Sumerix Global. (2026)

WORKSHOPS & PARTICIPATION

- 1-Day Workshop on Machine Learning & AI — AppWars Technologies (2026)

LANGUAGES

Hindi — Native / Fluent

English — Intermediate / Conversational
